

Boys Volleyball Fall Clinics & Madhatter League

(Open to all boys in high school or younger)

About the Clinics: Each week before league play begins, we will host a clinic to train players the proper technique used in the sport of volleyball. The clinics will focus on developing skills such as passing, setting, hitting, blocking, serving, etc. and is designed to target both beginner and more advanced players.

What is a Madhatter League: Players show up each week and play 2 hours of volleyball matches. After each match, each player records their score as an individual and then is randomly assigned to a new team. Players will have their score +/- recorded from match to match and then week to week to determine a winner. For example, in the first match of the day, player "A" plays on a team that wins 25-18, 25-21; they would be +11 (7+4) for that match.

Dates: Sundays September 11th, 18th, & 25th October 2nd, 9th, 16th, & 23rd

Time: 6:00-8:00 PM *(Clinic will be held during the first 30-45 minutes of this time slot.)*

Location: Davies Volleyball Complex

Cost: \$5/player each week

Additional Details: There is no commitment to attend the full league, so players can show up on dates they are available. **All players that attend 4 or more of the dates above will be given a free HOA Boys Volleyball shirt at the end of the league.**
